June 2013

City Council Message

from Steve A. Hiatt

Summer is finally here and Utah's Hometown is providing plenty of opportunities for you and your family to soak up the warm sun. On June 15th we will hold our Arts and Music Festival at Heritage Park. The festival is a wonderful event celebrating and showcasing independent music, art, performance art, culinary art, and much more. If you haven't joined us in the past, be sure to do so this year!

Our Independence Day celebrations have a reputation for being nothing short of amazing. We start early on July 4th with breakfast, the Rotary 5K/10K run, parade, family festival, and end the day with live entertainment, Kaysville Idol winners, and our spectacular fireworks display! See the insert in this newsletter for a full itinerary of the day's events. Many thanks to our volunteers, sponsors, and City staff who help make our Independence Day celebrations so special.

We are blessed to be part of a wonderful community and a country whose soldiers have fought and continue fighting to provide the freedom that we often take for granted. I was recently called to serve as Honorary Commander of the 388th Fighter Wing at Hill Air Force Base. This Wing delivers combat capability to deploy, employ, and sustain F-16 fighter jets worldwide. This opportunity to serve has opened my eyes to the awe-inspiring level of dedication demonstrated by our military men and women. I've had the opportunity to meet and interact with those who serve on the front line and equally important, those who serve behind the scenes providing support to ensure their missions are a success.

The job of a soldier is a hard one. They put their lives on hold, move away from their family, and then put those very lives on the line. A soldier does not serve for money, recognition or fame. They see the bigger picture and risk it all for the freedom that you and I enjoy.

Whether it is the National Guard, Army, Marine Corps, Navy, Air Force or Coast Guard, there are literally thousands of soldiers who live along the Wasatch Front, many of which live right here in our community. They are diligently fighting for our country. They, along with their families, sacrifice much to keep us safe.

Every November, Kaysville City honors our past and present military men and women at our Armed Forces Program that includes a great lunch. In addition, the Memorial Day Program held at the Kaysville City Cemetery each year provides us the opportunity to honor those who have paid the ultimate sacrifice. Kaysville City also waives the electric utility bill for residents who have been deployed as a result of their military service.

Let us be further committed in supporting our military and their families. These honorable citizens need our support. I issue a challenge to each of you to look for opportunities to show your appreciation to these dedicated individuals and their families. Whether it is by way of service, a kind note, a special treat, or words of encouragement, let us look for opportunities to show our appreciation.

Let us celebrate this Independence Day by making a special effort to honor and uplift those who are serving us. May God bless our community, our soldiers, and may God bless the USA!

Congratulations to Bowmans Supermarket Celebrating 100 Years

Junior Joseph (J.J.) Bowman opened the Golden Rule Store in 1913 at 128 North Main when he was 22 years old. At that time, Kaysville's population was 1,000 and the Golden Rule Store was 1,500 square feet in size. He started the grocery store with \$5,000 he had saved and by borrowing additional money. At that time, customers would hand their list to the clerk behind the counter and the clerk collected the wanted items. During those days, shopping was a

pleasant social experience. This store was a typical general store with "dry goods" like blue jeans and fabric on one side and "wet goods" or groceries on the other side. In 1917, the store moved to 59 North Main Street. In about 1927, the name was changed to Bowmans Market due to some flack about using the name Golden Rule. That was the name of the first J.C. Penney store in Wyoming and Mr. Penny went to court to make other stores using that name change their name to something else. J.J. was well liked in the community. He did well in business because he offered what customers wanted at competitive prices. His merchandise was of good quality.

J.J.'s son, Dick, grew up in the retail store business. He assisted his father in the store by doing errands and odd jobs. When a load of coal came into the store that needed to be shoveled from the truck bed, the task was frequently assigned to Dick. After returning home from an LDS mission to the New England states in 1948, Dick attended the University of Utah with the goal of becoming an electrical engineer but changed his major to marketing when his father's health started to decline. In 1951, at the age of 24, Dick took over the store after the death of his father. He then became partners with his mother and over the next 25 years bought out her interest in the store. In 1940, the store moved to 11 North Main Street.

Junior Joseph (J.J.)

Motto: To treat his customers as he would like to be treated.

In 1957, Dick obtained a loan from his mother-in-law and bought a new store at 75 East 200 North. He expanded this building six times from 6,000 square feet to 16,500 square feet. In 1988, the store moved to 356 North Main. Then in 1996, the store moved to its current location at 326 North Main Street. This building is 46,000 square feet.

In 1985, Dick began the July 24th Bowmans/Kaysville Recreation Breakfast, which has become an annual tradition. He provided all the food and donated all the money to the Kaysville Recreation program. Every year he paid for himself and his family to enjoy the breakfast. In one way or another he has always been involved in the community. He grew up in Kaysville, loved the community, and believed in showing his appreciation by giving back to the community. Dick served on the City Council, was President of the Kaysville Rotary Club, was a member of the Davis County Board of Health, member of the Kaysville Jaycees, served as trustee for the Davis North Medical Center, and was an LDS Bishop. He also was the major contributor to funds which built the Clock Tower on Main Street.

In 1991, Bowman's stopped selling tobacco and alcohol to give a positive message to Kaysville youth. He felt that it was important to give up personal profits for the health of others. The Bowman family is committed to serving the community and is determined to continue the legacy of their father and grandfather with this family owned business.

Richard C. (Dick)

Motto: It is not important how much money you make. It is important to be honest and treat others fairly.

75 East 200 North

Outside Water Restrictions

The Davis and Weber Counties Canal Company (DWCC) has determined that there will be a water shortage this summer which will require that all users cut back at least 25% on their use of outside water. DWCC is asking all residents to adhere to the following water schedule (water for 20-30 minutes each time between the hours of 6:00 p.m. to 10:00 a.m.):

- House numbers that end in 0, 1, 2 or 3 need to water only on Monday and Thursday of each week.
- House numbers that end in 4, 5 or 6 need to water only on Tuesday and Friday of each week.
- House numbers that end in 7, 8 or 9 need to water only on Wednesday and Saturday of each week.

DWCC states: People who abuse the water restriction policy or waste water will have their irrigation systems "locked down" for a period of time until they can show how they will comply. A fee will be charged for the removal of the lock. If there is not sufficient compliance, we will run out of water possibly by mid-summer. Window tags will be issued from the canal company office for special circumstances such as new sod or new landscaping. If we do not conserve voluntarily, it will become necessary for DWCC to shut down the entire system for a period of days. We all need to do our part to conserve water. Thanks for your willingness to voluntarily cooperate, ensuring our water supply is interrupted. For questions about these restrictions or to obtain a window tag, contact DWCC at 801-774-6373.

Garbage Cans

Garbage cans are picked up at different times by different trucks. Blue cans are picked up every other week and are usually picked up first before other cans. Blue cans are for recyclable material only, such as plastic, paper, and metal. Green and black cans are picked up weekly. Green cans will usually be picked before black cans. Green cans should only have green waste in them (lawn clippings, tree trimmings, etc.). Please do not sort or bag green waste, including lawn clippings. Any type of refuse can be placed in black cans. Please have all of your cans at the curb by 6:00 a.m. on your collection day.

Congratulations to Kaysville Superstar Kaylee Tanner!

Kaylee, a 17-year old who is homeschooled but takes four courses at Davis High School, entered the Doodle 4 Google contest in March and in May received notification that she was one of 50 finalists. Doodle 4 Google is a competition designed to encourage U.S. school students to use their creativity to create their own interpretation of the Google logo. Students were asked to exercise their creative imaginations around the theme, "My Best Day Ever." She said, "My best day ever will be when I visit the jungle and meet an elephant. Elephants are my favorite animal, and I've always wanted to see a real one in the wild." Kaylee will travel to New York where the national finalist will be announced.

Great job
Kaylee!

Beautiful Yards and Gardens

The goals of the Kaysville Yard and Garden Award are to focus on promoting yard beautification, creative landscaping, and enhance gardens which support fruit and vegetable production. The second annual Yard and Garden Tour will be August 2 and 3. If you know of a beautiful yard or garden you would like to nominate for recognition, please visit www.kaysvilleyards.com for a nomination form. Four monthly winners will be selected. Yards selected for recognition will receive a \$25.00 gift card to Tri-City Nursery.

July 24th Breakfast

Please join us for our annual July 24th breakfast at Bowmans (326 North Main) from 7:00 to 11:00 a.m. All proceeds benefit the Kaysville Recreation scholarship program. We thank Bowmans for this generous donation. The menu includes ham, eggs, pancakes, fruit, juice and milk. The cost is \$3 per child (12 and under), \$5 per adult, or \$20 per family (up to 6).

Arts and Music Festival at Heritage Park

Saturday, June 15, 2013 (6:00 a.m. to 11:00 p.m.)

Everyone is invited to attend this fun event:
