A MESSAGE FROM CITY COUNCILWOMAN, TAMARA TRAN

As a new council member, I continue to be amazed as I learn more about the inner workings of our city. In addition to vigorous work schedules, there are so many staff members and volunteers who spend numerous hours behind the scenes here in Kaysville to ensure our safety and us here in Kaysville.

The 4th of July first responder parade humbled and amazed me as I witnessed first-hand the loyalty and love for our first responders. As a city council, we had a front row seat to witness the appreciation and respect for those who protect and serve us. As we passed through neighborhoods during the 4th of July parade, waving residents held signs that said, “We love our first responders.”

My family and I want to add our appreciation to everyone who serves us here in Kaysville.

A new program in Kaysville City means you could earn cash simply by doing what is right. It’s a little reward provided by the Kaysville Police and Fire Departments and funded by the federal CARES Act. Here’s how it works:

Firefighters and police officers will hand out $10 vouchers to people who they notice doing good acts, such as wearing a helmet while riding a bike or wearing a seatbelt, or helping an elderly person with a heavy bag. You know, doing the kinds of things you already do that make Kaysville a strong and safe community. The voucher will be redeemable at participating local businesses.

There are certain restrictions, such as no copies accepted, not transferable, not redeemable for cash, etc. The vouchers will only be valid until October 31, 2020.

So get out there and be your smart, kind selves. Your actions might be noticed and you might earn cash.
As a nation, we’ve experienced an unforgettable year. COVID-19 is highlighting our strengths and providing all of us with the opportunity to rise together as a community, united in our common goal of supporting and protecting one another.

At city hall, we’re hard at work and need your help to share some exciting news:

**KAYSVILLE BUSINESS SUPPORT “FREE ADVERTISING CAMPAIGN”**

a. Kaysville City has received Federal C.A.R.E.S. funding to support local businesses
b. Local businesses will be given free advertising space in a professional published mailer that will feature Kaysville businesses in September
c. Start preparing your print ad asap – more information will follow

**KAYSVILLE POLICE AND FIRE DEPARTMENTS ARE LAUNCHING “KAYSVILLE CASH,” A C.A.R.E.S. FUNDED PROGRAM**

a. Our police and fire departments will be hitting the streets sharing Kaysville Cash coupons, redeemable at local participating businesses

**GENERAL PLAN UPDATE**

a. The city is in the process of gathering information for the update to our General Plan – we need your input!
b. Please share your ideas, suggestions and opinions by participating on the interactive website: [https://landmark.mysocialpinpoint.com/kaysville-general-plan](https://landmark.mysocialpinpoint.com/kaysville-general-plan)

To sum up the year so far, the word that comes to my mind is gratitude. It’s been tough and it’s been long, and because we’ve come together our future looks bright. I’m grateful for our community and grateful for the opportunities and privileges I have as an American citizen and Kaysville resident.
Got Good News to Share?

Storm water is comprised of rain, snowmelt, and irrigation runoff that flows across surfaces such as rooftops, driveways, streets, and parking lots. As storm water flows across these surfaces it collects and carries sediment, oil, grease, nitrogen, phosphorus, leaves, grass clippings, and other pollutants into the storm drain system, and then untreated, into the nearest water body. Because storm water drainage systems provide NO treatment, preventing storm water contamination is crucial to protect water quality, environmental health, and local ecosystems.

Clean wetlands and healthy streams are important to Kaysville City. Residents can help keep storm water clean by doing a few simple things:

- Sweep up grass clippings, leaves, and landscaping debris instead of washing them down the gutter
- Dispose of chemicals, cleaners, oils and hazardous waste properly
- Fix vehicle leaks and clean up spills immediately
- Avoid over-application of fertilizers and pesticides
- Keep trash can lids secure
- Wash vehicles at a commercial car wash, or on the lawn
- Never discharge chlorinated pool water into the storm drain system; instead arrange with the sewer district to discharge into the sanitary sewer

Remember:
We all live downstream

---

Covid-19
Kaysville Parks & Recreation encourages safe play. Please follow Davis County Health Department guidelines for your safety and the safety of our community. Please note that due to Covid-19, programs may be limited, adjusted and/or cancelled if necessary, depending on the state’s Covid-19 status at the time of the program. If the program is cancelled, each participant will receive a full refund.
Kaysville City provides a way for residents to participate in specific meetings, such as city council and planning commission meetings, as well as other special programs. It’s called Kaysville Live and you can access the library of old meetings or learn about upcoming meetings and events by visiting the city’s website. Go to:

> kaysvillecity.com

> Government

> Kaysville Live

This page includes links to agendas, instructions for making public comment, and a library of past LiveStream meetings.

**WATCH KAYSVILLE’S PATRIOTIC LIVE STREAM EVENT**

go to kaysville4th.com

On Sunday, July 5, Kaysville City live-streamed an unforgettable patriotic event, honoring Unsung Heroes and the community. The program was hosted by Mayor Katie Witt, Councilmember Michelle Barber, and Chris Snell. Mike Tuttle was awarded the 2020 Kaysville City Unsung Hero for his heroic efforts to save a suicidal young girl last year. Heartwarming music from Abby Stephens and the Lebaron family, a tribute to Kaysville’s first responders, and a keynote presentation by Tim Ballard all contributed to a meaningful event, one that can be watched again and again.

**FIRST RESPONDERS FREEDOM DRIVE**

The morning of July 4th, Kaysville Police and Fire Departments celebrated Independence Day with city residents in a unique and memorable way—the First Responders Freedom Drive. Many community members came out along the parade route to display signs of gratitude, wave at the police and fire vehicles, smile and cheer and generally show support for the selfless work of first responders. It was a day that will be long remembered by participants and observers. There is a lot to be proud of in Kaysville.

On July 16, the city council signed a proclamation making July 4, 2020 a historic day.

**THE DAY KAYSVILLE CAME TOGETHER, INDEPENDENTLY**

Thank you to the community for your support, and to first responders who have worked to earn that trust through dedicated service to the city and its residents. We are strong as a community.
Jensen Periodontics

We are located at 250 W. 200 N. #103, Kaysville, UT 84037 (2nd North behind Wingers)
Call for a consultation today
(801) 336-4724

Dr. Jeffery Jensen is a one of the few board certified periodontists in the state and is practicing locally in Kaysville, Utah. A graduate of Davis High School class of 2002, Dr. Jensen is happy to be back home serving his community.

What is a periodontist and what can he do for me?
A periodontist is a dentist who attends 3 years of additional training following dental school and specializes in:
• Placing dental implants
• Fixing gum recession
• Treating gum disease
