Common Themes from Stakeholder Interviews

Kaysville is:
• A quiet bedroom community with minimal traffic and good schools.
• Growing, but still feels like a small town.
• A safe place with people who love living here.

The City should:
• Provide services such as police and fire.
• Build and maintain necessary infrastructure.
• Continue to maintain public parks and preserve more open space.

I wish:
• There were more events and opportunities to be involved.
• There were more diverse housing options throughout the community.
• Kaysville had a better sense of place.
What is important to you about Kaysville now and as it plans for the future?

- Roads, Traffic & Infrastructure
- Parks, Trails & Recreation
- Business & Retail Attractions
