INTRODUCTION

The Kaysville City Redevelopment Agency (the "Agency"), following thorough consideration of the needs and desires of Kaysville City (the 'City') and its residents, as well as the City's capacity for new development, has carefully crafted this Project Area Plan (the "Plan") for the Flint Street Community Development Project Area (the "Project Area"). This Plan is the end result of a comprehensive evaluation of the types of appropriate land-uses and economic development for the land encompassed by the Project Area, which lays North West of 200 North along Flint Street. The Plan is envisioned to define the methods and means of development for the Project Area from its current state to a higher and better use. The City has determined that it is in the best interest of its citizens to assist in the development of the Project Area. It is the purpose of this Plan to clearly set forth the aims and objectives of this development, its scope, its mechanism, and its value to the residents of the City and other taxing districts.

The Project Area is being undertaken as a community development project pursuant to certain provisions of Chapters 1 and 4 of the Utah Limited Purpose Local Government Entities - Community Development and Renewal Agencies Act (the "Act", Utah Code Annotated ("UCA") Title 17C). The requirements of the Act, including notice and hearing obligations, have been scrupulously observed at all times throughout the establishment of the Project Area.

SECTION 1: DEFINITIONS

As used in this plan

1.1 "Act" means Title 17C of the Utah Code Annotated ("UCA") 1953, as amended: the Utah Limited Purpose Local Government Entities - Community Development and Renewal Agencies Act, as amended, or such successor law or act as may from time to time be enacted.

1.2 "Agency" means the Kaysville City Redevelopment Agency, created and operating pursuant to UCA 17C-1-201 and its predecessor or successor statues, as designated by Kaysville City to act as a redevelopment agency.

1.3 "Agency Board" or "Board" means the governing body of the Kaysville City Redevelopment Agency.

1.4 "Base Taxable Value" has the same meaning that it bears in the Act (UCA 17C-1-102(6)). "Base Taxable Value" is synonymous with "Base Year Taxable Value", "Base Year Value", and "Base Value".

1.5 "Base Tax Amount" means a sum equal to the tax revenue arising from the Project Area during the Base Year, which is calculated as the product of the Base Taxable Value and the certified tax rate in effect during the Base Year.

1.6 "Base Year" means the Tax Year during which the Project Area Budget is approved pursuant to UCA 17C-1-102 (6) (a).

1.7 "Bond" means any bonds, notes, interim certificates, or other obligations issued by an agency.

1.8 "City" means Kaysville City, a political subdivision of the State of Utah.

1.9 "County" means Davis County, a political subdivision of the State of Utah.
1.10 "Comprehensive General Plan" or "General Plan" means the general plan adopted by the City under the provisions of UCA 10-9a-401.

1.11 "Community Development" means development activities within a community, including the encouragement, promotion, or provision of development.

1.12 "Community Development Plan" means a project area plan, as defined by UCA 17C-1-102(35) of the Act, designed to foster community development, as defined in UCA 17C-1-102(15) of the Act, developed by the Agency and adopted by ordinance of the governing body of the City, to guide and control community development undertakings in a specific project area.

1.13 "Governing Body" means (a) in reference to the Kaysville City Redevelopment Agency, the Board of the Kaysville City Redevelopment Agency, or, (b) if used in reference to Kaysville City, it means the City Council of Kaysville City.

1.14 "Project Area" means the Flint Street Project Area, as selected by resolution of the Agency.

1.15 "Property Taxes" includes all levies on an ad valorem basis upon land, real property, personal property, or any other property, tangible or intangible.

1.16 "Taxing Entities" means the public entities, including the state, any county, and city, any school district, special district, or other public body, which levy property taxes on any parcel or parcels of property located within the Project Area.

1.17 "Tax Increment" means that portion of the levied taxes each year in excess of the base tax amount, which excess amount is paid into a special fund of the Agency, pursuant to UCA 17C-1-102(44)(a) and Part 4 of UCA Chapter 17C-1, as amended.

1.18 "Tax Year" means the 12 month period between sequential tax role equalizations (November 1st through October 31st) of the following year, e.g., the Nov. 1, 2012 - Oct. 31, 2013 tax year.

SECTION 2: DESCRIPTION OF COMMUNITY DEVELOPMENT PROJECT AREA

The Project Area lies entirely within the boundaries of the City and is located on the north western side of the City - beginning at the intersection of 200 North and Flint Street, and ending north of said intersection. The western area of Kaysville City has seen a major increase in population over the last five years and receives significant vehicle traffic on a daily basis which creates both opportunity and increased service demand in that section of the City. The property encompasses approximately 28.96 acres of land.

• As delineated in the office of the Davis County Recorder, the Project Area encompasses all of the parcels detailed in Table 1, Property Description.

• A map and legal description of the Project Area are attached hereto in APPENDIX A.

SECTION 3: PROJECT AREA CHARACTERISTICS AND HOW THEY WILL BE AFFECTED BY COMMUNITY DEVELOPMENT

LAND USES IN THE PROJECT AREA

The Project Area currently consists primarily of residential and undeveloped land. The Project Area is designated as LI – Light Industrial Use, and permits the commercial use that is desired for this Project Area. The zoning ordinance allows the contemplated uses to be constructed in the Project Area, which include retail, office, and other similar uses. This Plan is consistent with the General Plan of the City and promotes economic activity by virtue of the land uses contemplated.

Any zoning change, amendment or conditional use permit necessary to the successful development contemplated by this Plan shall be undertaken in accordance with the requirements of the revised Ordinances of Kaysville City, and all other applicable laws including all goals and objectives in the City’s General Plan.

LAYOUT OF PRINCIPAL STREETS IN THE PROJECT AREA

Flint Street and 200 North are the two principle streets that are within the Project Area. The layout of principle streets within the Project Area are outlined in APPENDIX A - MAP, AND LEGAL DESCRIPTION.

POPULATION IN THE PROJECT AREA

The Project area was laid out in order to create the least amount of disruption to existing residential structures. Currently, there are two residences within the Project Area. It is unlikely that any development that would occur in the Project Area would have any additional impact on the residents located in the Project Area.

BUILDING INTENSITIES IN THE PROJECT AREA

Any new development within the Project Area will be required to meet all current or amended zoning requirements and design or development standards, and are not expected to affect the building intensities within the Project Area.
SECTION 4: STANDARDS THAT WILL GUIDE COMMUNITY DEVELOPMENT

DEVELOPMENT OBJECTIVES

The Agency and City desire to maintain a high-quality development that will assist in meeting the current commercial need that can be found in the west area of the City. The Agency and City want to guide development in order to ensure development standards blend harmoniously with the character of the City.

DESIGN OBJECTIVES

Development within the Project Area will be held to the highest quality design and construction standards, subject to (1) appropriate elements of the City’s General Plan; (2) the planning and zoning ordinances of the City; (3) other applicable building codes and ordinances of the City; and (4) Agency review to ensure consistency with this Plan.

All development will be accompanied by site plans, development data, and other appropriate material clearly describing the development, including land coverage, setbacks, heights, off-street parking to be provided, and any other data determined to be necessary or requested by the City or the Agency.

All development shall provide an attractive environment, blend harmoniously with the adjoining areas, and provide for the optimum amount of open space and well-landscaped area in relation to the new buildings. In addition, it shall maintain maximum availability of off-street parking, and comply with the provisions of this Plan.

APPROVALS

The Agency may have the right to approve the design and construction documents of any development within the Project Area to ensure that any development within the Project Area is consistent with this Project Area Plan.

SECTION 5: HOW THE PURPOSES OF THE STATE LAW WOULD BE ATTAINED BY COMMUNITY DEVELOPMENT

It is the intent of the Agency, with possible assistance from the City and in participation with potential developers and property owners, to accomplish this Project Area Plan, which will include development contemplated in this Project Area Plan. This will include the construction of public infrastructure, and the appropriate use of incentives permitted under the Act, to maximize this development as beneficial to the citizens of the City and the surrounding communities. This will strengthen the community’s tax base through the provision of necessary goods and services demanded within the community and in furtherance of the objectives set forth in this Plan.
SECTION 6: HOW THE PLAN IS CONSISTENT WITH THE COMMUNITY’S GENERAL PLAN

This Plan and the development contemplated thereby shall conform to the City’s General Plan and land use regulations.

SECTION 7: DESCRIPTION OF THE SPECIFIC PROJECTS THAT ARE THE OBJECT OF THE PROPOSED COMMUNITY DEVELOPMENT

Currently no development has been proposed for the Project Area. The primary development within the Project Area will be commercial with the possibility of some office development. The objectives of the Agency include pursuing development of vacant parcels of property within the Project Area and installation and upgrade of public utilities in the Project Area, and providing assistance to current and future land owners who have a desire to expand or change the use of their property, which will result in an economic increase to the Agency and City.

SECTION 8: WAYS IN WHICH PRIVATE DEVELOPERS WILL BE SELECTED TO UNDERTAKE THE COMMUNITY DEVELOPMENT

The City and Agency will select or approve such development as solicited or presented to the Agency and City that meets the development objectives set forth in this plan. The City and Agency retain the right to approve or reject any such development plan(s) that in their judgment do not meet the development intent for the Project Area. The City and Agency may choose to solicit development through an RFP or RFQ process, through targeted solicitation to specific industries, from inquiries to the City, EDC Utah, and/or from other such references.

The City and Agency will ensure that all development conforms with this plan and is approved by the City. All potential developers will need to provide a thorough development plan including sufficient financial information to provide the City and Agency with confidence in the sustainability of the development and the developer. Such a review may include a series of studies and reviews including reviews of the Developers financial statements, third-party verification of benefit of the development to the City, appraisal reports, etc.

Any participation between the Agency and developers and property owners shall be by an approved agreement.

SECTION 9: REASONS FOR THE SELECTION OF THE PROJECT AREA

The Flint Street Project Area was selected by the Agency as an area within Kaysville City that presents an opportunity to strengthen the economic base of the City through the investment of private capital. Boundaries of the Project Area were determined by the Agency after a review of a study area by members of the City’s economic development committee, staff, and consultant.
SECTION 10: DESCRIPTIONS OF THE PHYSICAL, SOCIAL AND ECONOMIC CONDITIONS EXISTING IN THE AREA

There are very few residents located within the Project Area, therefore no meaningful demographics would be available to describe social conditions within the Project Area. The Project Area consists of approximately 28.96 acres of property. Approximately 1.69 acres have existing buildings or development, and the remaining acres are vacant ground. One of the objectives of this Plan include providing incentives to property owners to sale, lease, or develop the existing vacant parcels of property, which will expand the economic base of the City. In addition, the Agency wants to encourage upgrade and improvements as applicable to the existing economic base of the City.

SECTION 11: DESCRIPTION OF SOME INCENTIVES OFFERED TO PRIVATE ENTITIES FOR FACILITIES LOCATED IN THE PROJECT AREA

The following generally describes incentives which the Agency intends to offer within the Project Area to developers, participants, and property owners as incentives to improve and develop property within the Project Area:

1. The Agency intends to use the tax increment approved by agreement with the Taxing Entities for public infrastructure improvements, land purchase, building renovation or upgrades, certain offsite improvements, and other improvements as approved by the Agency.

2. Payments made to a developer/participant pursuant to agreements between the developer/participant and the Agency.

3. Expenditures approved and outlined in the adopted Project Area Budget.

Except where the Agency issues Bonds or otherwise borrows or receives funds, the Agency expects to pay the City, developers, or participants for the agreed amounts, in the agreed upon time frame to the extent the tax increment funds are received and available.

SECTION 12: PLAN RESTRICTIONS

12.1 Eminent Domain

This Community Development Project Area Plan does not allow the Agency to acquire real property through the use of eminent domain.

12.2 Tax Increment

Use of tax increment is subject to approval of the Agency's Project Area Budget by an inter-local agreement of any Taxing Entity that levies a certified tax rate within the Project Area. The use of tax increment is essential to meeting the objectives of this Plan.
SECTION 13: TECHNIQUES TO ACHIEVE THE PURPOSE OF THE COMMUNITY DEVELOPMENT AND RENEWAL ACT, AND THIS PLAN.

The Agency will meet the purpose of the Community Development and Renewal Act, and this plan by implementing the following objectives:

13.1 Acquisition of Real Property

The Agency may acquire, but is not required to acquire, real property located in the Project Area, by gift, devise, exchange, purchase, or any other lawful method. The Agency is authorized to acquire any other interest in real property less than fee title such as leasehold interests, easements, and rights of way. The Agency shall not acquire real property without the consent of the owner.

13.2 Acquisition of Personal Property

Generally personal property shall not be acquired. However, where necessary in the execution of this Plan, the Agency is authorized to acquire personal property in the Project Area by any lawful means.

13.3 Cooperation with the Community and Public Bodies

The community and certain public bodies are authorized by state law to aid and cooperate, with or without consideration, in the planning, undertaking, construction, operation or implementation of this Project. The Agency shall seek the aid and cooperation of such public bodies in order to accomplish the purposes of Community Development and the highest public good, including approval of the Project Area Budget, and participation in the funding of the Project Area by an inter-local agreement.

13.4 Property Management

During such time that property, if any, in the Project Area is owned by the Agency, such property shall be under the management and control of the Agency. Such property may be rented or leased by the Agency pending its disposition for economic development purposes.

13.5 Property Disposition and Development

The Agency is authorized to demolish and clear buildings, structures, and other improvements from any real property in the Project Area as necessary to carry out the purposes of this Community Development Plan. The Agency is authorized to install and construct, or to cause to be installed and constructed, public improvements, public facilities, and public utilities, within and without the Project Area, not prohibited by law, which are necessary to carry out this Community Development Plan; and in accordance with the terms and conditions of any existing agreements with the private developers and the approved Project Area Budget and inter-local agreements. The Agency is authorized to prepare or to cause to be prepared as building sites any real property in the Project Area. The Agency is also authorized to rehabilitate or to cause to be rehabilitated any building or structures that may remain in the Project Area.

For the purposes of this Plan, the Agency is authorized to sell, lease, exchange, subdivide, transfer, assign, pledge, encumber by mortgage, deed, trust, or otherwise dispose of any interest in real property. The Agency is authorized to dispose of real property by leases or sales by negotiation with or without public bidding. All real property acquired by the Agency in the Project Area shall be sold or leased to public or private persons or entities for development for the uses permitted in the Plan. Real property may be conveyed by the Agency to the City or any other public body without charge. The Agency shall reserve such controls in the disposition and development documents as may be necessary to prevent transfer, retention or use of property for speculative purposes and to insure that the development is
carried out pursuant to this Community Development Plan. All purchasers or lessees of property shall be made obligated to use the property for the purposes designated in this Community Development Plan, to begin and complete development of property within a period of time, which the Agency fixes as reasonable, and to comply with other conditions which the Agency deems necessary to carry out the purposes of this Plan.

13.6 Development

The objectives of the Plan are to be accomplished through Agency encouragement of, and assistance to, private enterprise in carrying out community development activities. To provide adequate safeguards to ensure that the provisions of this Plan will be carried out, any real property sold, leased or conveyed by the Agency, as well as any property subject to participation agreements, shall be made subject to the provisions of this Plan by leases, deeds, contracts, agreements, declarations of restrictions, provisions of the City Ordinance, conditional use permits, or other means. Where appropriate, as determined by the Agency, such documents or portions thereof shall be recorded in the Office of the County Recorder. The leases, deeds, contracts, agreements, and declarations of restrictions may contain restrictions, covenants, covenants running with land, rights of reverter, conditions subsequent, equitable servitudes, or any other provisions necessary to carry out this Plan.

To the extent now or hereafter permitted by law, the Agency is authorized to pay for, develop, or construct any building, facility, structure, or other improvement either within or without the Project Area for itself or any public body or public entity to the extent that such improvement would be a benefit to the Project Area. During the period of development in the Project Area, the Agency shall insure that the provisions of this Plan and of other documents formulated by the Agency pursuant to this Plan are being observed, and that development in the Project Area is proceeding in accordance with development documents and time schedules. Plans for development by owners or developers, both public and private, may be submitted to the City for approval and architectural review. All economic development must conform to this Plan and all applicable federal, state, and local laws.

SECTION 14: PROPOSED METHOD OF FINANCING

14.1 Authorization

The Agency is authorized to finance this project with financial assistance from the Taxing Entities, property tax increments which accrue within the Project Area, interest income, Agency bonds, or any other available source of revenue.

14.2 Tax Increment

Briefly stated, the tax increment that will be available under this Plan are determined in the following manner. After this Plan is adopted, the total taxable value of property within the Project Area is determined using the taxable values shown on the last equalized assessment roll prior to the adoption of the Plan. For purposes of this Plan, the base year value last equalized shall be January 1, 2012. This provides a base figure. To the extent the taxable values of property within the Project Area increase above this base figure, application of prevailing tax rates to the increased property value above the base figure yields "tax increment." This tax increment arises only with respect to property located in the Project Area. Other Taxing Entities continue to be entitled to receive the tax revenue that results from application of prevailing tax rates up to the base figure of taxable property value. In accordance with law, the Agency will prepare a Project Budget outlining the expense and revenue for this Project. Once adopted by the
Agency; the Agency will be required to obtain the consent by an inter-local agreement with each Taxing Entity allowing the Agency to take any portion of the available tax increment.

14.3 Collection Period

The applicable length of time or number of years for which the Agency is to be paid tax increment shall be subject to the approved inter-local agreement.

Pursuant to the Community Development and Renewal Act, taxes levied upon taxable property within the Project Area each year by or for the benefit of the State of Utah and the Taxing Entities after the effective date of the ordinance approving this Plan shall be paid to the Agency in accordance with the terms and conditions of the approved inter-local agreement.

14.4 City Funding or Loans

Operating capital for administration and developer participation in the Project has been and may be provided by the City until adequate tax increments or other funds are available or sufficiently assured to repay the loans and/or to permit borrowing adequate working capital from sources other than Kaysville City. Advances and loans from the City or the Redevelopment Agency may bear a reasonable rate of interest.

SECTION 15: PROVISIONS FOR AMENDING THE COMMUNITY DEVELOPMENT PLAN

This Plan may be amended or modified any time by the Agency by means of the procedures established in the act, its successor statutes, or any other procedure established by law.

SECTION 16: NECESSARY AND APPROPRIATE ANALYSIS

Authority to take action or enter into agreements under this Plan shall be vested exclusively in the Agency’s Governing Board. The Agency’s Governing Board shall be authorized to delegate this authority pursuant to resolutions approved by the Board. The administration and enforcement of this Plan and any documents implementing this Plan shall be performed by the Agency and/or City.

The provisions of this Plan or other documents entered into pursuant to this Plan may also be enforced by litigation by either the Agency or the City. Such remedies may include, but are not limited to, specific performance, damages, re-entry, injunctions, or any other remedies appropriate to the purposes of this Plan. In addition, agreements or any recorded provisions which are expressly for the benefit of owners of property in the project Area may be enforced by such owners.

The particulars of any contemplated development will be set out in a participation agreement between the Agency and the participant requesting assistance.

Before any future development agreement or participation agreement under the Plan may be entered into and/or executed by the Agency, the Agency may hold a public hearing on the proposed agreement. The Agency may prepare or require the developer/participant to prepare a feasibility analysis and a
necessary and appropriate analysis with respect to all new projects being proposed and with respect to the ongoing feasibility of the overall Project being implemented pursuant to this Plan. The purpose of this provision is to assure that the feasibility, necessity, appropriateness, the nature, extent of, and need for any public subsidy or other assistance, and the likely public benefit of new projects is reviewed on their own merits and in the context of implementing this Plan as a whole before any particular projects are approved, thereby assuring that substantial and effective measures are being taken, or have been taken, that are reasonably designed to mitigate any harm, damage, or disadvantage as may be suffered as a result of development within the Project Area by owners of property, or tenants within the Project Area.
APPENDIX A: MAP AND LEGAL DESCRIPTION
Beginning at a point on the centerline of 200 North Street, said centerline being
monumented by brass caps at the intersection of Flint Street and 200 North Street and the
intersection of Mountain Vistas Road and 200 North Street which point is located at the
intersection of said 200 North Street centerline line and the extension of the westerly line
of the Utah Transit Authority (UTA) property, the rail trail, said point being 597.81 feet
S 89° 31' 10" E along the section line and 3.17 feet S 0° 28' 50" W and running thence:

S 89° 15' 09" E along the 200 North centerline 911.38 feet to the intersection of
said centerline and the extension of the easterly right-of-way line of Flint Street;
thence to and along the easterly side of Flint Street the following five courses:
N 22° 39' 00" W 339.65 feet;
thence N 22° 40' 32" W 40.23 feet;
thence N 22° 37' 45" W 633.38 feet;
thence N 22° 38' 19" W 279.75 feet;
thence N 22° 40' 32" W 359.76 feet;
thence S 84° 03' 13" W 71.03 feet to a point on the westerly line of Flint Street;
thence S 48° 13' 19" W 159.50 feet;
thence S 49° 54' 34" West 57.98 feet to a point on the southeast corner of Lot 16
of Flint Meadow Subdivision;
thence S 49° 20' 55" W 718.30 feet along the southerly line of said Flint Meadow
Subdivision to a point on the easterly line of the UTA rail trail property;
thence S 49° 20' 55" W 95.51 feet to a point on the west side of said UTA
property;
thence S 34° 42' 20" E 1,012.45 feet along said westerly line and beyond to the
point of beginning.

Contains 28.96 acres.

SECTION 1: INTRODUCTION

The Kaysville City Redevelopment Agency of Kaysville City, Utah (the "Agency"), following thorough consideration of the needs and desires of Kaysville City (the "City") and its residents, as well as the City's capacity for new development, has carefully crafted this Project Area Plan (the "Plan") for the Main Street Community Development Project Area (the "Project Area"). This Plan is the end result of a comprehensive evaluation of the types of appropriate land-uses and economic development for the land encompassed by the Project Area which lies north of 200 North along Main Street. The Plan is envisioned to define the methods and means of development for the Project Area from its current state to a higher and better use. The City has determined that it is in the best interest of its citizens to assist in the development of the Project Area. It is the purpose of this Plan to clearly set forth the aims and objectives of this development, its scope, its mechanism, and its value to the residents of the City and other taxing districts.

The Project is being undertaken as a community development project pursuant to certain provisions of Chapters 1 and 4 of the Utah Limited Purpose Local Government Entities - Community Development and Renewal Agencies Act (the "Act", Utah Code Annotated ("UCA") Title 17C). The requirements of the Act, including notice and hearing obligations, have been scrupulously observed at all times throughout the establishment of the Project Area.

SECTION 2: DEFINITIONS

As used in this plan

2.1 "Act" means Title 17C of the Utah Code Annotated ("UCA") 1953, as amended: the Utah Limited Purpose Local Government Entities - Community Development and Renewal Agencies Act, as amended, or such successor law or act as may from time to time be enacted.

2.2 "Agency" means the Kaysville City Redevelopment Agency, created and operating pursuant to UCA 17C-1-201 and its predecessor or successor statues, as designated by Kaysville City to act as a redevelopment agency.

2.3 "Agency Board" or "Board" means the governing body of the Kaysville City Redevelopment Agency.

2.4 "Base Taxable Value" has the same meaning that it bears in the Act (UCA 17C-1-102(6)). "Base Taxable Value" is synonymous with "Base Year Taxable Value", "Base Year Value", and "Base Value".

2.5 "Base Tax Amount" means a sum equal to the tax revenue arising from the Project Area during the Base Year, which is calculated as the product of the Base Taxable Value and the certified tax rate in effect during the Base Year.

2.6 "Base Year" means the Tax Year during which the Project Area Budget is approved pursuant to UCA 17C-1-102 (6) (a).

2.7 "Bond" means any bonds, notes, interim certificates, or other obligations issued by an agency.

2.8 "City" means Kaysville City, a political subdivision of the State of Utah.
2.9 "County" means Davis County, a political subdivision of the State of Utah.

2.10 "Comprehensive General Plan" or "General Plan" means the general plan adopted by the City under the provisions of UCA 10-9a-401.

2.11 "Community Development" means development activities within a community, including the encouragement, promotion, or provision of development.

2.12 "Community Development Plan" means a project area plan, as defined by UCA 17C-1-102(35) of the Act, designed to foster community development, as defined in UCA 17C-1-102(15) of the Act, developed by the Agency and adopted by ordinance of the governing body of the City, to guide and control community development undertakings in a specific project area.

2.13 "Governing Body" means (a) in reference to the Kaysville City Redevelopment Agency, the Board of the Kaysville City Redevelopment Agency, or, (b) if used in reference to Kaysville City, it means the City Council of Kaysville City.

2.14 "Project Area" means the Main Street Project Area, as selected by resolution of the Agency.

2.15 "Property Taxes" includes all levies on an ad valorem basis upon land, real property, personal property, or any other property, tangible or intangible.

2.16 "Taxing Entities" means the public entities, including the state, any county, and city, any school district, special district, or other public body, which levy property taxes on any parcel or parcels of property located within the Project Area.

2.17 "Tax increment" means that portion of the levied taxes each year in excess of the base tax amount, which excess amount is paid into a special fund of the Agency, pursuant to UCA 17C-1-102(44)(a) and Part 4 of UCA Chapter 17C-1, as amended.

2.18 "Tax Year" means the 12 month period between sequential tax role equalizations (November 1st through October 31st) of the following year, e.g., the Nov. 1, 2011- Oct. 31, 2012 tax year.

SECTION 3: DESCRIPTION OF COMMUNITY DEVELOPMENT PROJECT AREA

The Project Area lies entirely within the boundaries of the City and is located on the north central side of the City. Beginning at the intersection of 200 North and Main Street, and ending north of the intersection of 400 West and Main Street. This area in particular serves as a central focal point to the City and receives significant vehicle traffic on a daily basis which creates both opportunity and increased service demand. The property encompasses approximately 58.84 acres of land.

- As delineated in the office of the Davis County Recorder, the Project Area encompasses all of the parcels that are attached hereto in APPENDIX A.

- A map and legal description of the Project Area are attached hereto in APPENDIX B.
SECTION 4: PROJECT AREA CHARACTERISTICS AND HOW THEY WILL BE AFFECTED BY COMMUNITY DEVELOPMENT

LAND USES IN THE PROJECT AREA

The Project Area currently consists primarily of commercial, vacant, and undeveloped land. The Project Area is designated as Commercial land use. This Plan is consistent with the General Plan of the City and promotes economic activity by virtue of the land uses contemplated.

Any zoning change, amendment or conditional use permit necessary to the successful development contemplated by this Plan shall be undertaken in accordance with the requirements of the revised Ordinances of Kaysville City, and all other applicable laws including all goals and objectives in the City’s General Plan.

LAYOUT OF PRINCIPAL STREETS IN THE PROJECT AREA

There are seven City roads within the Project Area, with Main Street being a roadway that will provide access to all roads within the Project Area. The layout of principle streets within the Project Area are outlined in APPENDIX B - MAP, AND LEGAL DESCRIPTION. The City anticipates installing traffic signals within the Project Area that will promote better traffic circulation and assist in the mitigation of safety issues that currently exist.

POPULATION IN THE PROJECT AREA

The Project area was laid out in order to create the least amount of disruption to existing residential structures. Currently, there are five residences and one apartment complex within the Project Area. It is unlikely that any development that would occur in the Project Area would have any additional impact on the residents located in the Project Area.

BUILDING INTENSITIES IN THE PROJECT AREA

Any new development within the Project Area will be required to meet all current or amended zoning requirements and design or development standards, and not expected to affect the building intensities within the Project Area.

SECTION 5: STANDARDS THAT WILL GUIDE COMMUNITY DEVELOPMENT

DEVELOPMENT OBJECTIVES

The Agency and City desire to maintain a high-quality development as a commercial gateway to the City. The Agency and City want to guide development in order to ensure development standards blend harmoniously with the character of the City.
DESIGN OBJECTIVES

Development within the Project Area will be held to the highest quality design and construction standards, subject to (1) appropriate elements of the City's General Plan; (2) the planning and zoning ordinances of the City; (3) other applicable building codes and ordinances of the City; (4) and Agency review to ensure consistency with this Plan.

All development will be accompanied by site plans, development data, and other appropriate material clearly describing the development, including land coverage, setbacks, heights, off-street parking to be provided, and any other data determined to be necessary or requested by the City or the Agency.

All development shall provide an attractive environment, blend harmoniously with the adjoining areas, and provide for the optimum amount of open space and well-landscaped area in relation to the new buildings. In addition, it shall maintain maximum availability of off-street parking, and comply with the provisions of this Plan.

APPROVALS

The Agency may have the right to approve the design and construction documents of any development within the Project Area to ensure that any development within the Project Area is consistent with this Project Area Plan.

SECTION 6: HOW THE PURPOSES OF THE STATE LAW WOULD BE ATTAINED BY COMMUNITY DEVELOPMENT

It is the intent of the Agency, with possible assistance from the City and in participation with potential developers and property owners, to accomplish this Project Area Plan, which will include development contemplated in this Project Area Plan. This will include the construction of public infrastructure, and the appropriate use of incentives permitted under the Act, to maximize this development as beneficial to the citizens of the City and the surrounding communities. This will strengthen the community's tax base through the provision of necessary goods and services demanded within the community and in furtherance of the objectives set forth in this Plan.

SECTION 7: HOW THE PLAN IS CONSISTENT WITH THE COMMUNITY’S GENERAL PLAN

This Plan and the development contemplated thereby shall conform to the City's General Plan and land use regulations.
SECTION 8: DESCRIPTION OF THE SPECIFIC PROJECTS THAT ARE THE OBJECT OF THE PROPOSED COMMUNITY DEVELOPMENT

Currently no development has been proposed for the Project Area. The primary development within the Project Area will be retail, and the possibility of some office development. The Agency also anticipates that the Project Area will see redevelopment of existing buildings currently located within the Project Area. The objectives of the Agency include pursuing development of vacant parcels of property within the Project Area, redevelopment and improvement of the appearance of existing buildings within the Project Area, installation and upgrade of public utilities in the Project Area, and providing assistance to current and future land owners who have a desire to expand or change the use of their property, which will result in an economic increase to the Agency and City.

SECTION 9: WAYS IN WHICH PRIVATE DEVELOPERS WILL BE SELECTED TO UNDERTAKE THE COMMUNITY DEVELOPMENT

The City and Agency will select or approve such development as solicited or presented to the Agency and City that meets the development objectives set forth in this plan. The City and Agency retain the right to approve or reject any such development plan(s) that in their judgment do not meet the development intent for the Project Area. The City and Agency may choose to solicit development through an RFP or RFQ process, through targeted solicitation to specific industries, from inquiries to the City, EDC Utah, and/or from other such references.

The City and Agency will ensure that all development conforms with this plan and is approved by the City. All potential developers will need to provide a thorough development plan including sufficient financial information to provide the City and Agency with confidence in the sustainability of the development and the developer. Such a review may include a series of studies and reviews including reviews of the Developers financial statements, third-party verification of benefit of the development to the City, appraisal reports, etc.

Any participation between the Agency and developers and property owners shall be by an approved agreement.

SECTION 10: REASONS FOR THE SELECTION OF THE PROJECT AREA

The Main Street Project Area was selected by the Agency as an area within Kaysville City that presents an opportunity to strengthen the economic base of the City through the investment of private capital. In addition the Agency has determined there is a need to provide incentives to land owners and potential developers to improve and redevelop existing properties. Boundaries of the Project Area were determined by the Agency after a review of a study area by members if the City's economic development committee, staff, and consultant.
SECTION 11: DESCRIPTIONS OF THE PHYSICAL, SOCIAL AND ECONOMIC CONDITIONS EXISTING IN THE AREA

There are very few residents located within the Project Area, therefore no meaningful demographics would be available to describe social conditions within the Project Area. The Project Area consists of approximately 58 acres of property. Approximately 37 acres have existing buildings or development, and 18 acres are vacant ground. Many of the existing buildings are older and in need of renovation. One of the objectives of this Plan include providing incentives to property owners to sale, lease, or develop the existing vacant parcels of property, which will expand the economic base of the City. In addition, the Agency wants to encourage upgrade and improvements as applicable to the existing economic base of the City.

SECTION 12: DESCRIPTIONS OF SOME INCENTIVES OFFERED TO PRIVATE ENTITIES FOR FACILITIES LOCATED IN THE PROJECT AREA

The following generally describes incentives which the Agency intends to offer within the Project Area to developers, participants, and property owners as incentives to improve and develop property within the Project Area:

1. The Agency intends to use the tax increment approved by agreement with the Taxing Entities for public infrastructure improvements, land purchase, building renovation or upgrades, certain offsite improvements, and other improvements as approved by the Agency.

2. Payments made to a developer/participant pursuant to agreements between the developer/participant and the Agency.

3. Expenditures approved and outlined in the adopted Project Area Budget.

Except where the Agency issues Bonds or otherwise borrows or receives funds, the Agency expects to pay the City, developers, or participants for the agreed amounts, in the agreed upon time frame to the extent the tax increment funds are received and available.

SECTION 13: PLAN RESTRICTIONS

13.1 Eminent Domain

This Community Development Project Area Plan does not allow the Agency to acquire real property through the use of eminent domain.

13.2 Tax Increment

Use of tax increment is subject to approval of the Agency's Project Area Budget through an inter-local agreement with any Taxing Entity that levies a certified tax rate within the Project Area. The use of tax increment is essential in meeting the objectives of this Plan.
SECTION 14: TECHNIQUES TO ACHIEVE THE PURPOSES OF THE
COMMUNITY DEVELOPMENT AND RENEWAL ACT, AND THIS
PLAN.

The Agency will meet the purpose of the Community Development and Renewal Act, and this plan by implementing the following objectives:

14.1 Acquisition of Real Property

The Agency may acquire, but is not required to acquire, real property located in the Project Area, by gift, devise, exchange, purchase, or any other lawful method. The Agency is authorized to acquire any other interest in real property less than fee title such as leasehold interests, easements, and rights of way. The Agency shall not acquire real property without the consent of the owner.

14.2 Acquisition of Personal Property

Generally personal property shall not be acquired. However, where necessary in the execution of this Plan, the Agency is authorized to acquire personal property in the Project Area by any lawful means.

14.3 Cooperation with the Community and Public Bodies

The community and certain public bodies are authorized by state law to aid and cooperate, with or without consideration, in the planning, undertaking, construction, operation or implementation of this Project. The Agency shall seek the aid and cooperation of such public bodies in order to accomplish the purposes of Community Development and the highest public good, including approval of the Project Area Budget, and participation in the funding of the Project Area by an inter-local agreement.

14.4 Property Management

During such time that property, if any, in the Project Area is owned by the Agency, such property shall be under the management and control of the Agency. Such property may be rented or leased by the Agency pending its disposition for economic development purposes.

14.5 Property Disposition and Development

The Agency is authorized to demolish and clear buildings, structures, and other improvements from any real property in the Project Area as necessary to carry out the purposes of this Community Development Plan. The Agency is authorized to install and construct, or to cause to be installed and constructed, public improvements, public facilities, and public utilities, within and without the Project Area, not prohibited by law, which are necessary to carry out this Community Development Plan; and in accordance with the terms and conditions of any existing agreements with the private developers and the approved Project Area Budget and inter-local agreements. The Agency is authorized to prepare or to cause to be prepared as building sites any real property in the Project Area. The Agency is also authorized to rehabilitate or to cause to be rehabilitated any building or structures that may remain in the Project Area.
For the purposes of this Plan, the Agency is authorized to sell, lease, exchange, subdivide, transfer, assign, pledge, encumber by mortgage, deed, trust, or otherwise dispose of any interest in real property. The Agency is authorized to dispose of real property by leases or sales by negotiation with or without public bidding. All real property acquired by the Agency in the Project Area shall be sold or leased to public or private persons or entities for development for the uses permitted in the Plan. Real property may be conveyed by the Agency to the City or any other public body without charge. The Agency shall reserve such controls in the disposition and development documents as may be necessary to prevent transfer, retention or use of property for speculative purposes and to insure that the development is carried out pursuant to this Community Development Plan. All purchasers or lessees of property shall be made obligated to use the property for the purposes designated in this Community Development Plan, to begin and complete development of property within a period of time, which the Agency fixes as reasonable, and to comply with other conditions which the Agency deems necessary to carry out the purposes of this Plan.

14.6 Development

The objectives of the Plan are to be accomplished through Agency encouragement of, and assistance to, private enterprise in carrying out community development activities. To provide adequate safeguards to ensure that the provisions of this Plan will be carried out, any real property sold, leased or conveyed by the Agency, as well as any property subject to participation agreements, shall be made subject to the provisions of this Plan by leases, deeds, contracts, agreements, declarations of restrictions, provisions of the City Ordinance, conditional use permits, or other means. Where appropriate, as determined by the Agency, such documents or portions thereof shall be recorded in the Office of the County Recorder. The leases, deeds, contracts, agreements, and declarations of restrictions may contain restrictions, covenants, covenants running with land, rights of reverter, conditions subsequent, equitable servitudes, or any other provisions necessary to carry out this Plan.

To the extent now or hereafter permitted by law, the Agency is authorized to pay for, develop, or construct any building, facility, structure, or other improvement either within or without the Project Area for itself or any public body or public entity to the extent that such improvement would be a benefit to the Project Area. During the period of development in the Project Area, the Agency shall insure that the provisions of this Plan and of other documents formulated by the Agency pursuant to this Plan are being observed, and that development in the Project Area is proceeding in accordance with development documents and time schedules. Plans for development by owners or developers, both public and private, may be submitted to the City for approval and architectural review. All economic development must conform to this Plan and all applicable federal, state, and local laws.

SECTION 15: PROPOSED METHOD OF FINANCING

15.1 Authorization

The Agency is authorized to finance this project with financial assistance from the Taxing Entities, property tax increments which accrue within the Project Area, interest income, Agency bonds, or any other available source of revenue.
15.2 Tax Increment

Briefly stated, the tax increment that will be available under this Plan are determined in the following manner. After this Plan is adopted, the total taxable value of property within the Project Area is determined using the taxable values shown on the last equalized assessment roll prior to the adoption of the Plan. For purposes of this Plan, the base year value last equalized shall be January 1, 2012. This provides a base figure. To the extent the taxable values of property within the Project Area increase above this base figure, application of prevailing tax rates to the increased property value above the base figure yields “tax increments.” These tax increments arise only with respect to property located in the Project Area. Other Taxing Entities continue to be entitled to receive the tax revenue that result from application of prevailing tax rates up to the base figure of taxable property value. In accordance with law, the Agency will prepare a Project Budget outlining the expense and revenue for this Project. Once adopted by the Agency, the Agency will be required to obtain the consent by an inter-local agreement with each Taxing Entity allowing the Agency to take any portion of the available tax increment.

15.3 Collection Period

The applicable length of time or number of years for which the Agency is to be paid tax increment shall be subject to the approved inter-local agreement.

Pursuant to the Community Development and Renewal Act, taxes levied upon taxable property within the Project Area each year by or for the benefit of the State of Utah and the Taxing Entities after the effective date of the ordinance approving this Plan shall be paid to the Agency in accordance with the terms and conditions of the approved inter-local agreement.

15.4 City Funding or Loans

Operating capital for administration and developer participation in the Project has been and may be provided by the City until adequate tax increments or other funds are available or sufficiently assured to repay the loans and/or to permit borrowing adequate working capital from sources other than Kaysville City. Advances and loans from the City or the Redevelopment Agency may bear a reasonable rate of interest.

SECTION 16: PROVISIONS FOR AMENDING THE COMMUNITY DEVELOPMENT PLAN

This Plan may be amended or modified any time by the Agency by means of the procedures established in the act, its successor statutes, or any other procedure established by law.

SECTION 17: NECESSARY AND APPROPRIATE ANALYSIS

Authority to take action or enter into agreements under this Plan shall be vested exclusively in the Agency’s Governing Board. The Agency’s Governing Board shall be authorized to delegate this authority pursuant to resolutions approved by the Board. The administration and enforcement of this Plan and any documents implementing this Plan shall be performed by the Agency and/or City.
The provisions of this Plan or other documents entered into pursuant to this Plan may also be enforced by litigation by either the Agency or the City. Such remedies may include, but are not limited to, specific performance, damages, re-entry, injunctions, or any other remedies appropriate to the purposes of this Plan. In addition, agreements or any recorded provisions which are expressly for the benefit of owners of property in the Project Area may be enforced by such owners.

The particulars of any contemplated development will be set out in a participation agreement between the Agency and the participant requesting assistance.

Before any future development agreement or participation agreement under the Plan may be entered into and/or executed by the Agency, the Agency may hold a public hearing on the proposed agreement. The Agency may prepare or require the developer/participant to prepare a feasibility analysis and a necessary and appropriate analysis with respect to all new projects being proposed and with respect to the ongoing feasibility of the overall Project being implemented pursuant to this Plan. The purpose of this provision is to assure that the feasibility, necessity, appropriateness, the nature, extent of, and need for any public subsidy or other assistance, and the likely public benefit of new projects is reviewed on their own merits and in the context of implementing this Plan as a whole before any particular projects are approved, thereby assuring that substantial and effective measures are being taken, or have been taken, that are reasonably designed to mitigate any harm, damage, or disadvantage as may be suffered as a result of development within the Project Area by owners of property, or tenants within the Project Area.
